Vision

With 'Excellence in Entirety' and 'To Soar High and Serve' as our mottos for the children; Alpha envisions an evolved humanity that lives in peace, prosperity, harmony and attains eternal bliss.

Mission

Create educational institutions, with the serene and divine ambience of an ashram, where national and global integration and religious harmony are upheld, where unjust social practices are challenged; where the vision of One World – One Family – One Body – One Spirit is realized.

Ethos

Alpha has evolved an inclusive curriculum in which various activities for the growth of the 6 I's of our students are woven into a fine fusion fabric, ensuring the very purpose of a good education: "to realize one's potential to the fullest in a constructive way, to lead a fulfilled life".

- Arogyam – Physical Fitness
- Anbu – Emotional Intelligence
- Arivu – Knowledge
- Aatral – Skills
- Aakam – Creativity, and Development
- Aanmigam – Spirituality

- Technology integration for blended-learning
- Investigation, experimentation and demonstration
- Interdisciplinary approach
- Differentiation, scaffolding and remediation
- Air-conditioned classrooms

Visual & Performing Arts

- Dance
- Music
- Dramatics
- Art & Design

Technology

Preparing Responsible Netizens

Cyber safety is a part of our curriculum and regular awareness is conducted with students, parents and staff members.

Audio-Visual Classroom Systems

Audio-Visual technology is a powerful tool that enables teachers to present information and complex ideas in an easy-to-understand method.

STEM Lab

Young children in our school have got a chance to work with tools and equipment to understand the concepts of STEM - Science, Technology, Engineering and Mathematics. The lab contains educational and learning 'do it yourself' kits and equipment on Science, Electronics, Robotics, Open Source Microcontroller Boards, Sensors, Drones, 3D printers and Computers.

Learning with Tablets and Laptops

Students and teachers have access to tablets that are used on a one-on-one basis to research, explore and create. Students learn to examine different content and work on concept-specific interactive books, games and projects.

Students also have access to the Laptop Lab where each student works on a structured ICT curriculum. Students create assignments and several projects as a part of their coursework. They are learning to 'Code' from Grade 1 onwards through the 'Scratch' programming language.

Sports

We, at Alpha, encourage students to participate in sports activities not only for enjoyment and exercise but also for building essential skills. Students get an opportunity to explore a variety of sports during and after school hours, such as Skating, Martial Arts, Basketball, Cricket, Football and Chess. The campus has a football field, multipurpose sports court, indoor games facilities and playgyms.

Collaborations & Exchange Programmes

Alpha engages with several organisations locally and globally on a range of projects, Model United Nations, community outreach and sustainable living, embedding international learning throughout the academic year. Our school is associated with several reputed organisations like British Council, Eco-schools, Indian Development Foundation, Habitat for Humanity, Initiatives of Change, Trinity College of London and many more.

Student Counselling

- Career Guidance
- Personal Counselling
- Remedial Education

Health & Safety

- CCTV surveillance with a centralised command centre
- Fire evacuation drills
- Regular health checkups
- Child protection workshops with staff

Food Services

Nutritious vegetarian meals are available in the school canteen. The menu is prepared and reviewed regularly by nutritionists.
